

RCN Business Wins PCMag's 2017 Business Choice Award for “Best Internet Service Provider”

RCN Business Receives Highest Ratings for Second Year in a Row

Princeton, NJ – June 13, 2017 – [RCN Business](#), a communications provider delivering network solutions for voice, data and video, has received PCMag’s “2017 Readers’ Choice Award for Best Internet Service Provider” for the second year in a row. PCMag is the largest professional reviewer of consumer electronics and tech products worldwide.

In addition to being voted the best Internet Service Provider (ISP), RCN Business ranked highest in overall value and likelihood of being recommended to friends and colleagues.

According to [PCMag](#), “In our third year of rating ISPs for use at the workplace, RCN continues to impress. For the second year in a row, the business side of the cable-and-fiber-ISP in the northeastern United States has taken the top slot, this year adding a tenth of a point to its overall score, earning an 8.2 (on a scale of 0 to 10, with 10 as the very best).”

“We focus on providing the best communications services for the nation’s small, medium and enterprise businesses, enhanced by award-winning customer service and technical support.” said Mike Carrosquilla, SVP at RCN Business. “Receiving this reader voted award for the second year in a row is a testament to our commitment to our customers and delivering the products and services they need to sustain and grow their businesses. We appreciate and sincerely thank our customers and PCMag readers for their confidence in us and our team.”

Earning the top score over Verizon FiOS, AT&T, Spectrum and Comcast, the results from the “2017 Readers Choice Award for Best Internet Service Provider” acknowledges RCN Business with the following accolades:

- Ranked #1 for best ISP
- Highest score in overall value
- Highest likelihood to be recommended to colleagues
- High scores in overall quality and reliability
- High scores in tech support
